## **BottleDrop customers helping support Fall Creek Watershed**

*Donation to Friends of Fall Creek Watershed will support litter removal efforts*

Clackamas, Ore. -- The Oregon Beverage Recycling Cooperative (OBRC), parent organization to [BottleDrop](#), announced a \$2,500 donation to Friends of Fall Creek Watershed. The donation, generated through BottleDrop's [Containers for Change](#) program, will be used by the nonprofit to aid their cleanup efforts along the Fall Creek and Winberry Creek areas.

"Since the moment it first passed, a big focus of Oregon's Bottle Bill has been keeping our rivers and streams litter free," said Eric Chambers, external relations director at OBRC. "We are thrilled to support the amazing volunteers at Friends of Fall Creek Watershed, who share this mission and make a huge difference in their environment and ecosystem."

BottleDrop's Containers for Change program provides Oregonians with an easy way to donate funds from their bottles and cans to excellent nonprofits operating in communities around the state. BottleDrop customers can participate by simply leaving their bag tag stickers off of their Green Bags, and dropping them off at any BottleDrop facility, like the Redemption Center in Eugene, Ore.

"It's like trash Christmas!," said Steve Allaway, President of Friends of Fall Creek Watershed. "This donation will allow us to expand the area of public land that we maintain, give us the opportunity to do more cleanups, and purchase new tools that will help make our cleanups easier, safer, and more efficient."

BottleDrop customers can visit [bottledropcenters.com/containersforchange/](http://bottledropcenters.com/containersforchange/) to learn more about this program, and how they can use their beverage containers to support excellent nonprofits, foundations, and advocacy organizations in Oregon.

BottleDrop account holders can also donate funds from their online balance directly to Friends of Fall Creek Watershed [here](#).
